13.7 Consultative Committee on Attendance Zones:

Linda Iaconetti, as a member of the Consultative Committee on Attendance Zones, read for the Council a resolution adopted by the committee requesting that the Council of Commissioners of the Sir Wilfrid Laurier School Board dissolve this committee as the members feel that they will not be able to meet the mandate assigned to them.

In consideration of the following facts:

1) The Consultative Committee on Attendance Zones was set up by the Council of Commissioners as a sub-committee of the Committee on the Use of Schools. This was to permit representatives of the board, principals, commissioners and parents a forum to consult on some of the different problems in the Laval area. These problems included use of schools and transportation.

2) The committee members were appointed, or in the case of the parents, the parents Committee elected three of the participants to represent all the Laval parents and students.

3) The split vote at our last committee meeting, and the comments that followed, indicated that the results of the vote represented some individual school beliefs and did not represent the benefits to all concerned.

4) The “in-camera” discussions were continued outside the meeting venue, giving some parents the idea that the ideas discussed were a “fait accompli”.

I, Jack Fitch, MOVE THAT the credibility and reason for the committee has been lost and that the Council of Commissioners should vote to disband the Consultative Committee on Attendance Zones as a sub-committee of the Committee on the Use of Schools and Other Facilities. The reason being, failure to reach a consensus to date, and that discussion pertaining to other schools not represented, would be looked upon very negatively by those affected.

Carried: 3 Yea  1 Nay  2 Abstentions
