LEARNERS TODAY, LEADERS TOMORROW

We welcome you to our school and are sure that you will enjoy having your son or daughter learn in our supportive and enriching environment. Learn about the excellent programs that Laval Junior and Laval Liberty High School offers. We would like to contribute to the success of your child with the best possible education in the caring environment of our school setting.

We offer specialized programs in Science/Math (ATOMS), Football, Hockey, Soccer, Music, Art, French Immersion, Enriched English, French and Math.

Our ATOMS program offers a new and innovative technological approach to the teaching of Science and Math that focuses on the use of the latest technology, a state of the art laboratory, guestspeakers, partnerships with private industry, student exchanges, video conferencing and field trips. A state of the art 21st century Science & Technology program built around advanced cutting edge digital technology. Regular visits from scientists, engineers and other experts in relevant fields.

Admission to the ATOMS program is done through an entrance exam.

Advanced courses in French, English and Mathematics are also offered.

A French Immersion Program is available to students who are motivated and capable of completing a significant portion of the academic program in French. Students have approximately half of their subjects in French. French is offered at an advanced, enriched level.

ACADEMICS

At Laval Junior High School our mission is to create a challenging learning environment for our students. We have high expectations for success through development appropriate instruction that allows for individual differences and learning styles.

We stress the total development of each child: spiritual, moral, intellectual, social, emotional, and physical.

Our school promotes a safe, orderly, caring, and supportive environment. We strive to have our parents, teachers, and community members actively involved in our students' learning.

We are committed to learning experiences that will help ensure that our students achieve their greatest potential. We are dedicated to serve our students with the understanding that diversity of gender, physical or mental ability, culture, and background must be respected.

ARTS CONCENTRATIONS

The Arts Concentration Program has students benefiting from extra classes in Music or Visual Arts during the regular school day. All of the Quebec Education Programs are also provided.

At Laval Junior High School our mission is to create a challenging learning environment. We have high expectations for success through development appropriate instruction that allows for individual differences and learning styles.

We stress the total development of each child: spiritual, moral, intellectual, social, emotional, and physical.

We are committed to learning experiences that will help ensure that our students achieve their greatest potential.

ATHLETICS

Laval Junior High School is the centre of student athlete training for young people in Laval. By combining leadership and community service with our student-athlete programs, and through the dedication of four top tier coaches; the opportunity for personal success on the field of play, in the classroom and community is unmatched.

CITIZENSHIP IN ACTION

Laval Junior High School believes in the holistic development of students who are actively engaged in the world around them. LJHS actively builds bridges that extend the learning from the classroom to the community.

Our students shape the world around us and they have a lasting and positive impact in the lives of people in our community. LJHS enjoys unique and special opportunities for students to make a meaningful difference and to participate in our community:

- 2013 Host of the CRC Robotics Competition
- 2012 Host of the Montreal Regional Science and Technology Fair
- 2011 Rick Hansen, Laval Relay Host Site
- 2010 Olympic Torch, Laval Host Site
- Winner of the 2010 Entrepreneurship Awards Quebec
- Home of the Annual Hockey Day in Laval
