ORDER ANYTIME!

WWW.MIDIBOUFFE.COM

Midibouffe offers a service which is adapted to today's busy and changing lifestyle. Parents can order online until 8:00 every morning for delivery the same day. Parents can also cancel the meal up until 8:00 am in case the child will be absent that day. All orders and cancellations are done through the website by the parents. The process is quick and simple and ensures that our production is updated with the latest numbers.

The flexibility of ordering until 8:00 am daily is greatly appreciated by the parents and schools. More than half of the daily orders are recorded between 7:00 and 8:00 am each day!

Our website is user friendly and completely secure. Parents can purchase meals individually or purchase credits which can be used against meal purchases. Both of these can be purchased online using a credit card.
